SP's or Bug Fixes maybe some HELP! : Discussion detail

ELP! Jonatan How can I get some patch or bug fixes? or... Can someone help me? My problem is about Performance. My Configs: Workstation SUN OS: Windows XP SP 2 Processor: AMD Opteron 150 64-Bits 2.93GHz Memory Size: 2Gb RAM DDR-II 440 HD 80 Gb Video card: NVIDIA Quadro FX 3000 256Mb I have the Editor 5.0 and It runs perfectly until i start to import DWG's from CAD programs...I explode them, save them, and when I start to import for CE, it take a lot of time to resolve, about 5 minutes. I have a f time to resolve, about 5 minutes. I have a lot of drawings to make my Company WEB SITE and my Daily work too, but that way it can't be possible! If someone can help me please do that! Jonatan RE : SP's or Bug Fixes maybe some HELP! Elisa-Components engine staff Hi Jonatan! Our technicians are verifying your problem. Soon we will tell you the solution.
